# About “Globe AI Profit”

There is a site named Ai Global Profit ([globeaiprofit.com](http://globeaiprofit.com)) that claims:

“Invest your money ... to different currency to increase their earnings by the help of Bitrader”

Ai Global Profit

Their “About” or “Company” claims: 10 years of consulting experience and 25,000+ customers.

Ai Global Profit

But they are vague about team members, physical address, or verified regulatory status. Their website feels like a typical “investment program” pitch.

**Helps clients buy, sell, and manage digital assets**

**Provides advice and strategies based on market trends**

# WHAT IS A CRYPTO INVESTMENT FIRM?

Crypto (short for cryptocurrency) is a type of digital money that exists only online.

It uses cryptography (advanced math and security techniques) to keep transactions safe and to control how new coins are created.

# What Is Crypto Trading?

You Earn From Market Movements

**Crypto Trading** means **buying and selling cryptocurrencies** (like Bitcoin, Ethereum, etc.) to make a profit from price changes.

You trade just like in the stock market — but instead of company shares, you trade **digital coins**.

- Does the exchange use cold storage?
- Does it have 2-factor authentication (2FA)?
- What's its track record for hacks or security issues?

## WHO CAN INVEST?

Crypto trading means **buying and selling**

**cryptocurrencies** (like Bitcoin, Ethereum, Solana) to make a profit.

Prices go **up and down**, and traders try to earn money from these price movements.
